

Capability Statement

CAPABILITIES

Founded in 2014, Tagai Management Consultants is an award-winning management consultancy with a proven track record of providing innovative and excellent management consulting services to Communities, Industry and Government agencies. A Supply Nation Certified Supplier, we create exceptional value for our clients through implementation of industry-wide best practices. Our services include:

- **Procurement/Supply chain:** We specialise in procurement and supply chain consulting services to ensure sustainable commercial and/or social goals are achieved.
- **Business Advisory:** Our goal is to work with you to achieve your targeted business vision and social / commercial goals.
- **Stakeholder engagement:** We pride ourselves in achieving sustainable outcomes between community and Government and Industry regardless of the focus through culturally appropriate and agile engagement services.
- **Advanced futures:** Our company is a leader in providing innovative solutions incorporating advanced technology platforms such as virtual reality and augmented reality. Our highly experienced team have designed and development world first technology solutions; working from concept design, providing clear strategy through to execution.

DIFFERENTIATORS

Tagai Management Consultants has completed numerous projects on time, within budget and in-scope. Backed by our knowledgeable and dedicated team, Tagai Management Consultants is the best choice when it comes to receiving the highest potential value from a culturally aligned procurement and social inclusion driven consulting service to maximise your business's performance.

- **Broad Project Experience in the global village** – We have completed numerous projects, so we understand the localised business needs, risk and compliance factors involved within Community, Industry and Government.
- **Program and Project Management** - We take a systematic approach to manage complex projects. We lead and facilitate reviews to effectively manage the resource, time and cost.
- **Agile:** We offer flexibility and can respond quickly to meet client's needs. We can work in client offices or from our own premises, take on short-term or long-term contracts.
